2. On a review of the position and in partial modification of the policy indicated in the said Public Notice, it has been decided that, in respect of import licences for Draw Frames for cotton textiles and speed Frames for cotton Textiles, the following amendments may be deemed to have been made in Public Notice No. 10 TTC(PN)/66, dated 15th January, 1966:—

(ii) In respect of licences for these items issued on or after 15th January, 1966, the existing clauses (a) to (e) in para 2 of the said Public Notice may be deemed to have been substituted by the following clauses:—

- (a) Licences for the import of above mentioned machinery to any category of importers will be issued subject to the condition that the licensees shall also purchase these machines from indigenous manufacturers equal in number to that recommended by the Textile Commissioner, Bombay for import. Applicants who have applied for import licences for these items of machinery should therefore place firm orders with the indigenous manufacturers for the purchase of one indigenous machine against one of such machine recommended for import. They should furnish to the Textile Commissioner, Bombay a copy of the order placed by them accompanied by the deposit receipt for 10 per cent of the price of the indigenous machines together with irrevocable letter of credit or bank guarantee in favour of the indigenous manufacturer for 10 per cent of the price of the indigenous machines. On production of these documents the Textile Commissioner will issue a certificate that these steps have been taken by the applicant. The applicant should furnish the said certificate to the licensing authority concerned. The applications for licences will be considered by the licensing authority only on receipt of such certificate.
- (b) The breach of any condition of the import licence including the condition to purchase indigenous machinery in the manner referred to at (a) above will make the imported machinery liable to confiscation under the Customs Act 1962 without prejudice to any other action that may be taken against the licensee under any law, rule, order or regulation.
- (c) The policy and the conditions mentioned at (a) and (b) above will apply to all import licences issued for the above mentioned items of machinery whether for replacement purposes or for new/expansion units.
- (d) In future, no applications for import of the above mentioned items of machinery will be considered from any category of importers.
